

Serial No. 10/609,068

PATENT
Docket No. 47406-013000REMARKS

Paragraph [0020] has been made formal by breaking down the informal drawing of FIG. 8 into various sub-drawings FIGs 8A-8P.

Paragraph [0029] has been amended to correct the typographical error where a constant of $(1/D)$ was missing in equation (2) of the average. No new matter has been added since, by definition, the average, G_{avg} , is the total amount of copper over all grids divided by the number of grids D .

Respectfully submitted,

Date: February 25, 2004
